Currently I am working on **“Biosystematic studies of family Delphacidae (Hemiptera: Fulgoroidea) from India”** as my Ph.D. research work. My study covers the collection, identification, molecular studies and phylogenetic analysis of the delphacid planthoppers from India.

I have graduated in Agri-sericulture from University of Agricultural Sciences, Bengaluru, Karnataka, India in 2014. I did my post- graduation ICAR - Indian Agricultural Research Institute, New Delhi, India during 2014-2016 and worked on taxonomy of leafhopper with thesis title **“Taxonomic studies of the genus *Maiestas* (Hemiptera: Cicadellidae) from India”**. Currently am pursuing my Ph.D. from ICAR - Indian Agricultural Research Institute, New Delhi, India.
